Visitor Economy Promotional Marketing Opportunities

Opportunities to drive the profile of your business

Introduction

Bristol and Bath are two of the UK's most popular and visited destinations whether for day trips, overnight stays, to attend conferences or events. Together with the surrounding coast and countryside we have one of the most diverse and exciting visitor offers and Visit West provides exclusive routes to market to reach visitors both during the planning process and while in destination.

We have opportunities to reach consumers directly, as well as our comprehensive industry work and business support. All of our consumer marketing operates through the Visit Bristol and Visit Bath brands. This includes the VisitBristol.co.uk and VisitBath.co.uk websites as well as branded newsletters and social media channels, with a focus on Facebook, Instagram and TikTok.

The websites offer a blend of inspirational editorial content, business listings and themed pages for specific markets, from family friendly to film inspired. All are enhanced by a comprehensive search, illustrative maps, regular blogs, integrated social media feeds, an itinerary planner, suggested itineraries, banner advertising opportunities, video and images, as well as an online booking portal.

To enhance your presence and assist with promoting through these channels to a dedicated audience, we have prepared a comprehensive portfolio of opportunities.

The rates stated throughout this document are exclusively for Visit West members, with special rates for partners. For more about membership of Visit West please contact: membership@visitwest.co.uk

About Visit West

Visit West is a public / private partnership, and the Local Visitor Economy Partnership (LVEP) for the West of England, accredited by Visit England in April 2023.

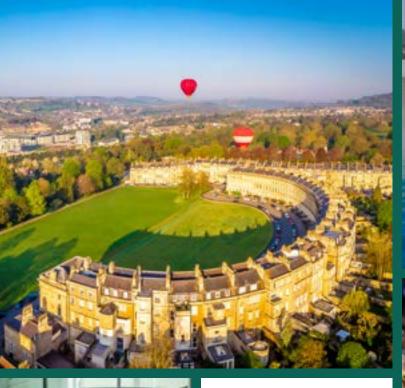

Our LVEP official boundary is that of the four unitary authorities of Bristol, Bath & North East Somerset, North Somerset and South Gloucestershire, and our commercial membership programme includes businesses within the boundary and beyond. Our roles include visitor economy development, business support, destination management, and the marketing and promotion of the region as premier destinations for leisure travel and business events. Through our work, we provide opportunities to maximise the potential of the region's visitor economy.

We bring together the business, communities, local authorities, and wider stakeholders, and the domestic and international travel industry to create a strategically focused and innovative delivery organisation with a clear purpose.

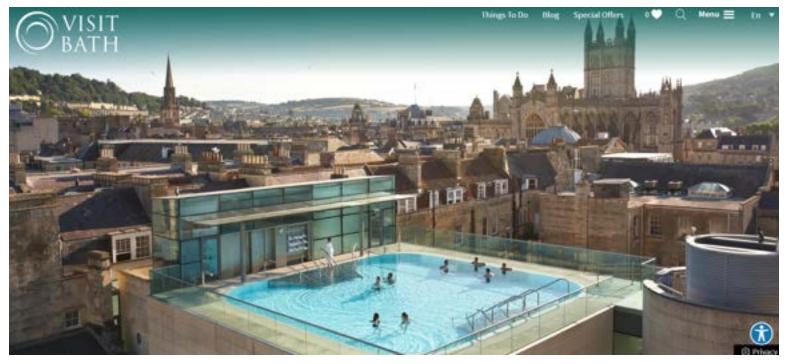

Visit Bath

VisitBath.co.uk is a vast consumer-facing website showcasing the best of Bath and the surrounding area to visitors. Alongside the Visit Bath social media channels, this forms a formidable presence and mine of information for visitors and other consumers wishing to find out about things to do, what's on and where to stay in and around Bath.

Member businesses are showcased in a variety of ways, from inspirational content to more functional event and product listings.

The Visit Bath 'always on, content first' approach ensures that the website is ever-relevant and doesn't stand still. Our talented team create and curate content around what consumers are looking for and always focus on the best ways to attract web traffic and engage with visitors.
