AN ICONIC BRISTOL VENUE

The Clifton Observatory occupies an imposing site above the Avon Gorge and is not difficult to understand why this location attracts thousands of visitors each year to experience the magnificent breath-taking views over the city of Bristol and the world-renowned Clifton Suspension Bridge.

BUSINESS & PLEASURE

For many decades, the Clifton Observatory has been an iconic piece of English Heritage and an important Bristol Landmark with the building dating back to 800bc.

Beginning life as a windmill for corn & snuff, the Observatory later became the base for William West, a Bristol Artist who famously installed the Camera Obscura and Giants Cave. The Clifton Observatory has become the perfect environment to take care of business and host memorable moments with family & friends.

FRIENDS & FAMILY

An intimate and unique setting to invite family and friends to share memorable moments and occasions. A blank canvas to entertain guests with exquisite food and drink, creating an unforgettable experience for everyone.

GREAT FOR BUSINESS

There are few locations in the country who can boast the same settings that we can offer.

Whether you are looking to host corporate meetings, educational conferences, product launches or entertain prospective clients, The Clifton Observatory can accommodate and provide an inspirational environment for all occasions.

EXCEPTIONAL HOSPITALITY

Whatever the occasion, our catering contractors can provide the perfect complement. With a range of food and drink options, there is a menu to match any appetite and budget.

YOUR SPACE

With the launch of our William West event space and rooftop terrace, The Clifton Observatory offers you the opportunity to enjoy exceptional hospitality in the surrounds of an iconic grade II listed building with panoramic views of this spectacular city.

Whether you're here for business or pleasure we will work closely with you to ensure the space is in keeping with your visions.
