Start the fans please! The Crystal Maze team building Challenge is inspired by the popular TV game show, where teams will be immersed in a number of tasks before taking their turn in the Crystal Cube finale.

Every Crystal Maze team building event involves skill, physical, mystery and mental elements as teams are tested in various 'zones'. Unlike the TV show, all team members take part in the various challenges, and it's only by pulling together and communicating well that they stand a chance of succeeding.

If the teams are successful in each of the challenges they will win crystals. These crystals are worth time in the Crystal Cube! The more crystals each team collects, the more time they will have when going head to head against other teams in the Crystal Cube to collect precious golden tickets.
